--------------------	--------------------

* The prices listed are only approximations and may change without prior notice.

* To help facilitate the franchisee, the franchisor will defer the payment of the initial stocks to lessen the initial cash outlay.

Frequently Asked Questions (FAQs):

1. What is the Vision - Mission of Generika Drugstore?

Aligned with Ayala Corporation's commitment to national development, and to AC Health's goal of improving healthcare for all, Generika Drugstore remains true to its founding mission-vision of providing access to quality and affordable generic medicines and basic healthcare services.

2. When do I get my initial investment (return on investment)?

Several factors affect the return on investment, including managing the store and its sales, and the ability of the franchisee to control and manage the operating expenses. Ideally, the estimated payback is 2 ½ to 3 years.

3. Who chooses the location?

The franchise applicant may propose a site. Our Network Development Team will assess this for feasibility. Otherwise, the team can offer a pipeline of locations to the franchise applicant for approval.

4. Is there a standard store design?

The franchisor provides the standard store design, layout, and other requirements to achieve a one-store experience for our customers across our network.

5. What are the space requirements for a Generika Drugstore?

We recommend seeking a location with the following:

- High foot traffic and good visibility
- Located at the ground floor
- Near landmarks, terminals, hospitals and leading establishments
- 15-25 sqm., with minimum 3 meters frontage
- Not prone to flooding and no security risk
- Rental fee below P20k

6. Who will hire the whole store team members?

The franchisee is responsible for hiring the store frontliners. One (1) Generika Drugstore requires one (1) Pharmacist and two to three (2 to 3) Pharmacy Assistants depending on the store size.

7. Is there a training program provided?

A core training program will be provided to the franchisees and their respective store teams.

8. Who supplies the medicines?

The franchisor will source and procure the products for sale by the stores.

9. What qualities make an ideal and successful franchisee?

You can make your mark in the retail drugstore industry if you are:

- Financially equipped to sustain a thriving franchise
- Sharing the same values and advocacy with Generika Drugstore
- Eager to expand your horizons by managing multiple branches
- A hands-on leader, adept at driving success and achieving goals
- Can adhere to regulatory compliance
